

JDM 10A Digital Message Store Module

The JDM-10 Digital Message Store can be linked to JPA Series amplifiers. Features include

- * Electronic recorder with high sound quality
- * Data storage for maximum 60 days (built-in backup battery)
- * Maximum 6 message bank with individual message recording time
- * Expandable recording time to 32Mbit
- * Repeat automatic announcement for emergency remote control.

Technical Specification

DC Power	15Vdc - 17Vdc
Audio Output	-10dB unbalanced
Headphone Output	24mW >64ohm
Frequency Response	Mic 300Hz - 6.4kHz
Aux 100Hz	- 6.4kHz
Mic Input	-50dB at 600ohm unbalanced
Aux Input	-10dB at 10k ohm unbalanced
Memory Size	16Mbit SRAM
	Expandable to 32Mbit
Recording Time	4min 28sec
	Expandable to 8min 56sec
Message Backup Time	60 days (16Mbit)
	30 days (32Mbit)
Dimensions	H40 x W194 x D125 mm
Weight	0.42 kg

Product Code : 10-0413-C07
